For hanging on to partition walls

For areas where partitions are used to create quick and durable routes within (office) buildings, we have added two partition wall hooks to the range on the Obimex / Alcoa / Sypla and Systemflex / Interselect partitions. The wall hook is simply clicked into the desired location in the system wall and then used in combination with an Artiteq Twister Perlon hanging wire of 1 mm or 2 mm with picture hook. The wall hook has a maximum carrying capacity of 5 kg.
