

MISCELLANEOUS

TWISTER HOOK

The Twister Hook completely replaces the hanging wire and hook. This plastic hook can provide an economical and practical solution for hanging light panels, artwork or, for example, a light string or garland for decoration, in combination with a picture hanging system. The maximum load capacity of the Twister Hook is 1 kg. The Twister Hook can be clicked into the rail at any position; turn in, click in and done.

MISCELLANEOUS

LOOP MAKER

The Loop Maker offers a solution for hanging objects if a hook cannot be used. As it is possible to create a loop with the 2-mm perlon hanging wire, it is possible to hang much more than just a picture frame!
