Flexible and solid

Since it is not always possible (or allowed) to hang rails in every room, we also offer solutions for hanging pictures and wall decorations in the form of partition wall hooks. We offer a range of various types of partition wall hooks for rooms with partitions, giving you a solid, practical way to hang pictures and decorations even on these types of walls. Partition wall hooks are hung over the top of a wall, and then used in combination with a perlon or other type of cord fitted with a picture hook. We offer a variety of solutions depending on the weight of the picture or decoration to be hung.

For hanging on to partition walls

For areas where partitions are used to create quick and durable routes within (office) buildings, we have added two partition wall hooks to the range on the Obimex / Alcoa / Sypla and Systemflex / Interselect partitions. The wall hook is simply clicked into the desired location in the system wall and then used in combination with an Artiteq Twister Perlon hanging wire of 1 mm or 2 mm with picture hook. The wall hook has a maximum carrying capacity of 5 kg.
